

12. SECT GROUP OF INSTITUTIONS

The Society for Electronics and Computer Technology (SECT), the predecessor of AISECT also established several institutions which continue to function from the same campus and have built up good reputation for themselves. The National Centre for Electronics and Information Technology (NCEIT), and the SECT College of Professional Education (SCOPE) are some of these institutions

NATIONAL CENTRE FOR ELECTRONICS AND INFORMATION TECHNOLOGY (NCEIT)

National Centre for Electronics and Information Technology has been created as a result of the All India Co-ordinated Programme of DST (GoI) and MIT (GoI). It draws Core Support from DST (GoI), provides resource support to all regional centres in 27 States and 3 Union Territories and to about 8000 study centres. NCEIT gets core support from the Deptt. of Science and Technology (GoI) and performs the following functions :

- Support new and existing I.T. Centres all over the country.

- Design and develop new courses and course material.
- Provide support to servicing, production and entrepreneurial activities, specially in the rural areas.
- Promote new applications like GIS and rural databases.
- Encourage entrepreneurship in I.T.
- Support maintenance services and expand maintenance base of Electronics and Information technology based equipment.
- Provide organisational linkages and resource support to AISECT. NCEIT supports all regional centres in 27 States and 3 Union Territories and about 8000 study centres of AISECT in the country.

SECT COLLEGE OF PROFESSIONAL EDUCATION

SECT College of Professional Education has been set up by the Society for Electronics and Computer Technology. The college was founded on October 2000 and is located in a serene environment on the Bhopal-Hoshangabad highway just next to Misrod.

It is affiliated to Barkatullah University and recognized by M.P Govt. and N.C.T.E

Various courses in Computer Science, Science and Commerce are offered by the College in accordance with the syllabi and prescriptions of the University Every student is required to work towards a degree with a specific choice of subjects.

Courses Offered

S.No.	Name of Course	Duration
1	B.Com	3 Years
2	B.Com.(Computer)	3 Years
3	B.C.A	3 Years
4	B.Sc.	3 Years
5	PGDCA	1 Year
6	M.C.M.	1 Year
7	M.Com	2 Years
8	B.Ed	1 Year

Admissions

The College admits students to its undergraduate and postgraduate courses every year. The admission procedures usually extend from mid-May to early-July and classes begin around mid-July. Admissions are based on marks obtained in the Qualifying Examination(s) as specified by the University.

Faculty

College faculty are full-time, qualified and friendly professionals, always there to guide the students and are specially trained to understand student's psychology, internalize the knowledge uniformly and put across 'difficult to understand' concepts with ease, thus making a student's learning venture smooth and easy.

The whole training time is equally divided into theory and practical sessions as per the University guidelines. Apart from regular computer time, students are allowed to utilize unlimited machine time to exercise their minds, boost their creativity and increase their level of curiosity. This builds-up their self-confidence, allows them to explore the wide horizon of concepts and gradually shapes them into confident professionals.

Scholarship

The College awards each year a number of prizes to students for high achievement in academic & extra-curricular activities. Scholarships and other financial aid are given to deserving students on the basis of need-cum-merit.

Library

College has a fine library containing more than four thousand books. The college also subscribes to a number of magazines & journals. The library is managed by trained & efficient staff who personally guide the students in selecting the relevant books.

Sports

The College has its own playground and provides facilities for playing badminton, volleyball, cricket and soccer in the College Campus. Sports activities are organized by college and students are also given opportunities to participate in inter-college competitions.

Other Activities

The College provides ample facilities for development of an integrated personality. It organizes activities related to academics, sports and culture from time-to-time. This helps to bring out the hidden talents in students. Along with their studies, the College also organizes seminars related to their subjects and technical aspects.

Lab

The computer lab of the college has been designed & developed to meet the requirements of the students. There are

various packages that are offered to the students. Internet facility is also available. The multi media facility is available and the latest software is introduced to the students. In order to improve the Internet connectivity and speed, College provides ISDN facility to its students.

Placement Cell

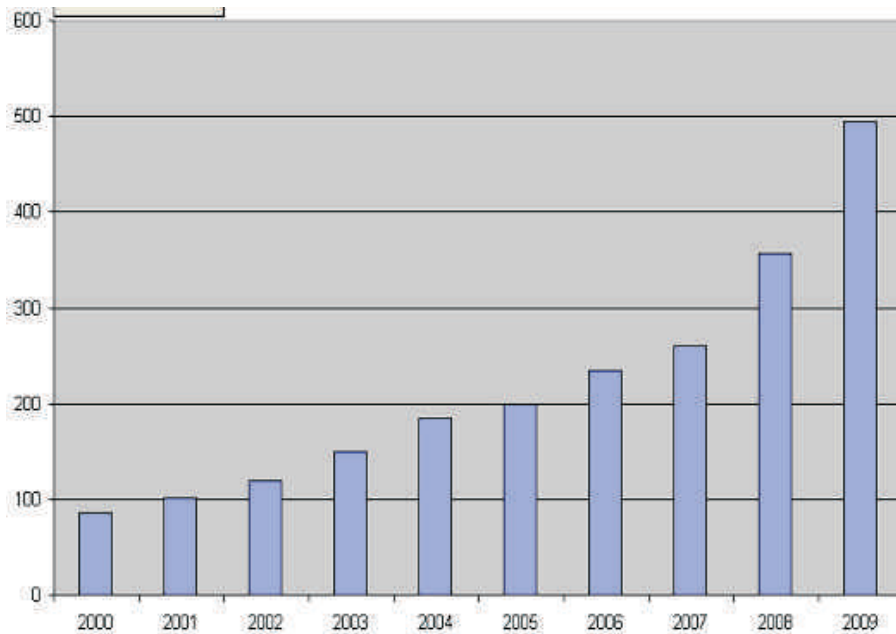

The college has a centralized placement cell managed by AISECT. It provides placements to the students by organizing local as well as Open Campus. The college also facilitates participation of its students in placements organized by other institutions.

SESSION WISE ADMISSION PROGRESS

Since its inception the number of students have gone up from 86 to 494 till date which shows positive growth of the college and sincere efforts of faculty members and keen support of the management.

SESSION WISE ADMISSION PROGRESS
