

Leave the Crowd Behind

Soft Skills Training

A very strong focus has been laid on providing soft skills training to the students of AIST. In today's times, this is an imperative which helps a student during the placement season and also in various competitive exams in future. Experts in the areas of Communication Skills and Personality Development would coach students right from the first year to ensure an AIST graduate is a well-groomed personality ready to take on the future.

AIST Awards and Scholarships

AIST encourages learning and growth through positive competition. The Institute encourages bright and hard working students through rewards and awards in cash/kind and through scholarships. Branch Toppers, Institute Toppers, Rank Holders and Achievers in Sports and Cultural Activities are awarded every year.

Vibrant Societies and Forums

AIST would have active student forums, chapters and institutional memberships for many societies and institutes like CSI (Computer Society of India), IETE (Institution of Electronic and Telecom Engineers), IE (India of Engineers) and ISTE etc. Our students will also actively take part in various inter college and national level seminars, conferences and symposiums.

Placement Support

It is our vision that every engineer produced by AIST should emerge as a finished product ready to be employed by the industry. A very strong focus has been conceptualized on providing training, regarding soft skills and enhancing the employability of the students. Special Training is provided in the below areas.

- Communication Skills
- Group Discussions
- Training on Software Development

Below are some of the recruiters with the AISECT Group.

Other companies who have recruited from the AISECT Group in the past are :

- Red Hat Ltd
- Insa Infra & Networking Pvt. Ltd.
- Techno Creative
- Black Berry
- Neral Infosystems
- Real Power Software
- TNS, Noida
- I-PAD, Hyderabad
- Vital Soft Tech
- Neural Infosystem
- Apexsha Telecom
- INDEL Technology
- Adept Solutions Ltd.
- Mind Tell Communications, Bangalore

Nestled between lush green hills and about 30 minutes away from the heart of the city of Bhopal is the beautiful, sprawling 50 acre verdant campus of the AISECT Institute of Science and Technology. Contact us at....

AISECT - The Foundation of AIST

AIST draws its strength from AISECT which is today India's Leading Education, Services and e-Governance Organisation.

- ▶ AISECT has been committed to the cause of innovative education for the last 25 years
- ▶ Network of over 5700 affiliated centres
- ▶ Presence in 27 states and 3 Union Territories
- ▶ Set up Central India's first private university, Dr. C.V. Raman University

Indian Innovation Award

NASSCOM I.T. Innovation Award

National e-Governance Award.

Asian Forum I4d Award

AISECT

Institute of Science and Technology

AIST has been launched with a vision to transform its students into competent, inspired and professional engineers. The Institute aims at delivering not just the highest quality of technical education to its students through an interactive, learning oriented environment, state of the art infrastructure, cutting edge laboratories and well qualified, dedicated faculty but also through a holistic set of life skills that will groom students to face the industry in years to come. With your drive and ambition and our expertise we are certain we will begin the process of bringing out the best in you. Our Core Focus is also

To be the facilitator of effective interactions between the students and the industry, alumni and other superior institutions.

To enable students to realize their potential through live projects, presentations, seminars, co-curricular and extra-curricular activities and group learning.

Santosh K. Choubey
Chairman and Founder

“With your drive and ambition and our expertise we are certain we will begin the process of bringing out the best in you.”

AIST Labs & Workshops

AIST Labs are equipped with the latest instruments and equipments and handled by Qualified Technical staff who provide hands-on experience to the students.

- ▶ Engineering Physics
- ▶ Basic Electronics Engineering
- ▶ Basic Mechanical Engineering
- ▶ Basic Electrical Electronics
- ▶ DBMS Lab
- ▶ Instrumentation Lab
- ▶ Engineering Chemistry
- ▶ Civil Lab
- ▶ Engineering Mechanics
- ▶ Software Programming Lab
- ▶ Computer Design Lab
- ▶ Electrical Engineering Simulation Lab
- ▶ Communication Skills Workshop
- ▶ Computer Programming
- ▶ Operating System Lab
- ▶ Electrical machines I, II
- ▶ Control System Lab

The well equipped workshops for providing workshop practice to Engineering students are as below

- ▶ Welding Shop
- ▶ Smithy Shop
- ▶ Fitting Shop
- ▶ Foundry Shop
- ▶ Carpentry Shop
- ▶ Machine Shop

Our Strength - Expert Faculty

The Faculty at AIST are full time, qualified, friendly professionals who facilitate in depth learning and understanding of various Engineering subjects. They are highly experienced people with PhDs. Or M.Tech's from IITs, NITs and other institutes of national repute

Knowledge Zone -The Library

The college provides a computerized and well-maintained centralized library. It is managed by trained & efficient staff who personally guide the students in selecting the relevant books. The library includes :

- :: More than 10,000 national and international books
- :: Hundreds of CDs covering the syllabus and beyond
- :: National and international journals, magazines and reference material

Courses offered

The institution is affiliated to Rajiv Gandhi Technical University, Bhopal and the course and curriculum for Bachelor of Engineering are same as approved by the University. In the current session the following courses are offered by the Institute

Engineering Branch	Seats
BE in Computer Science	60
BE in Information Technology	60
BE in Electronics and Communication	60
BE in Civil Engineering	60

Co-Curricular and Cultural Activities

Besides academics, students are encouraged to participate in co-curricular and extra curricular activities which are spread over the entire academic calendar. Regular activities include Dance, Music, Theater, Debates, Quiz, Seminars and Group discussions. Sports like Cricket, Football, Volley Ball and Athletics are also encouraged.

The Hostel - A Home Away from Home

The hostel has been planned with the comfort of the students in mind.

- ▶ Fully furnished, ventilated rooms with attached bath
- ▶ Separate hostel for boys & girls
- ▶ Mess facility which provides nutritious meals in variety

College Bus

College buses are available, from all corners of Bhopal city. For the safety of the students on highway, the parents are advised to send them by the institution bus.
